Docket No. 98N-1265 45 99 MAY -4 P2:18
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My compounded prescription makes it possible for me to live a more normal life by alleviating debilitating symptoms like depression, sleeplessness, and anxiety. I spent years trying to find a physician who understood and would treat my health problems so please DO NOT eliminate or restrict the source of medication that I searched so long to find and the only treatment that has helped me live a healthier, happier life. Please allow me to maintain control over my body and my own physical welfare.
